The seaworthiness of vessels is the responsibility of the captain and their crew. Vessels putting to sea do so at their own risk. Safety equipment as specified by the NSW Waterways regulations must be carried as a minimum. We also understand that under new regulations, the declaration of a Gale Warning by the appropriate government weather authority, will automatically require the cancellation of the Tournament until such warning has been lifted, if indeed it has been by the closing time of the Tournament. In the event of such a declaration whilst vessels are at sea, such vessels are required to cease fishing and return to port immediately.
